Advice from a Tatting Shuttle

If a tatting shuttle could chirp it would probably trill,

“Tatting’s fun! Easy does it once you learn the simple trick of one easy-to-do stitch, and in no time at all you’ll be trying all of the tip top ideas in this book.

“Watch your shuttle fly like a bird through your fingers as you stretch your thread and work your shuttle to and fro. Grand pick-up work, easy to pop in your bag and take along with you . . . ever so daintily compact.

“Tatting has found smart new horizons these days. Here are light-hearted ideas . . . designed with imagination . . . for the modern woman who adores the beauty of tatting but wants it translated in terms of smart appeal for her home . . . her accessories.”

Continues Sir Shuttle, sagely,

“About threads . . . you just can’t be too careful if you want your tatting to hit the jackpot. J. & P. COATS famous Tatting Cotton is like a gossamer filament, smooth and lovely, perfect for things of delicate beauty. Or, CLARK’S O.N.T. or J. & P. COATS MERCERIZED CROCHET . . . try sizes 20, 30, and 50, for your linens . . . the finer threads up to 100 for really fairy-like results!”
